# $CO_2$ Secure: Real-Time Protection

Honeywell's $CO_2$ Alarm System is the simplest, most reliable way to help protect your employees. Get control over your $CO_2$ system when you get Honeywell's $CO_2$ Alarm System. You'll have the confidence of a safer work environment because the $CO_2$ Alarm System provides two levels of safety warning — both visible and audible. In short, the Honeywell $CO_2$ Alarm System means added protection for your employees and customers, and it means security for your business.

# CO$_2$ Alarm System

P4W-ECC CO$_2$ Alarm/Strobe

## DISPENSER SAFETY THAT'S INDISPENSABLE

The Honeywell CO$_2$ Alarm System helps ensure the safety of your employees and customers.

The Honeywell CO$_2$ Alarm System:

- Can be used as a stand-alone system or, using the 0 – 5 Vdc output, can be integrated into your Honeywell Energy Management System.
- Provides two safety warning levels — both visible and audible.
- Offers an additional relay output to a fire alarm at 30,000 ppm CO$_2$ level.
- Is hard wired for security against tampering.
- Utilizes a power-on sequence that verifies that the system is working properly.
- Features self-diagnostics for when sensor is out of calibration and requires replacement.
