

Product change notice

PCN N°	028
Customer	All customers
Items affected	MCO801-14io1 to MCO801-18io1, MCO741-22io1 and MDO1201-14N1 to MDO1201-22N1
Description of change	<p>From immediate effect IXYS UK Westcode has updated the packaging for MCO801-14io1 to MCO801-18io1, MCO741-22io1 and MDO1201-14N1 to MDO1201-22N1 modules.</p> <p>The reasons for the change are to simplify and unify the packaging and to eliminate possible transit damage of the power terminals.</p> <p>A visual comparison of the old and new outer packaging is shown in figures 1 to 4. The dimensions and key differences are detailed in the pictures. The number of modules per inner box has not changed (2pcs per box) but the number of modules per outer box has increased from 4pcs to 6pcs.</p> <p>The changes will ensure that the power terminals will be protected during transit and eliminate the possibility of terminal distortion.</p>
Reason for change	To simplify and unify the packaging and to eliminate possible transit damage of the power terminals.
Identification	The new outer box is a different dimension to the old outer box.
Schedule of change	Immediate
Influence on reliability	None
Internal reference	None
