| | |
|---|---|
| Connection | System connector for connecting cable USB 1.1 RS 232 PS/2 configured for PS/2 |
| Dimensions | 81 mm x 70 mm x 25 mm |

## Model Number

**ODZ-MAH-B15-R6**

Bluetooth modem, configured for PS/2

## Features

- Wireless connection with Bluetooth-compatible handheld unit
- Safe data transfer thanks to bidirectional communication

## Function

The Bluetooth Modem ODZ-MAH-B15-R6 offers you the possibility of the wireless connection of Bluetooth-compatible devices from the I*T-HH20 product family with your computer and the transfer of the read data by radiotelegraphy.

Due to the simple installation and a range of up to 100 m the Bluetooth Modem ODZ-MAH-B15-R6 is ideal for this purpose, provided your Bluetooth-compatible device is mobile and its cables are not prone to interference.

The modem is already pre-configured ex-works for the cabling of the PS/2 interface of the computer.

Note: The PS/2 connection cable is not included in the delivery package.
