

### Model Number

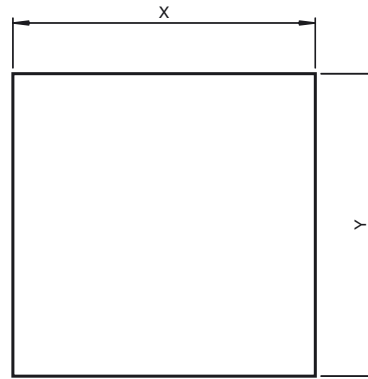

**OFR-3870-5000/76**

Reflective tape

Reflective tape reel 5 m x 76 mm

suitable for fibre optics sensor without polarisation filter

### Dimensions

### Technical data

#### General specifications

Construction type	roll
-------------------	------

#### Ambient conditions

Ambient temperature	-20 ... 70 °C (253 ... 343 K)
---------------------	-------------------------------

#### Mechanical specifications

Material	Typ 3870
----------	----------

Dimensions	5000 mm x 76 mm
------------	-----------------

Mounting	self-adhesive
----------	---------------
