

**HR-3301**

- fully adjustable float switch system for up to 5 floats
- carrier material: PVC
- choice of terminal box and number of floats
- suitable for various types of floats

**Function:**

This float switch system made from PVC allows the freedom to change the fastening lengths and heights of the float fastening points if required. Adding up to 5 switching points at a later time can be done easily.

**Examples of applicable floats:**

Float	Data Sheet No.
HR-001	3100
HR-3102..	3102
HR-3103..	3102
HR-311500	3115
HR-31160.	3115
HR-31170.	3117
HR-3121..	3121

**Order No.:**

- (1) **Terminal box HR-330160**  
aluminium, PG 13.5 (on request)  
size A: 15 clamps  
size B: 6 clamps
- (2) **Screw fitting HR-330150**  
PVC, 1½" BSP, SW 55  
5 x cable leadthrough PG 9  
5 x PG 9 screw fitting PVC
- (3) **Clamping ring HR-330155**  
PVC, screw PVC  
1 x PG 9 screw fitting  
4 x cable leadthrough
- (4) **Guide tube HR-330151**  
PVC, dia. 16 x 2.5 x L  
(please specify length L)
- (5) **Float**

**Dimensions/components:**

please specify the type of float switch and desired switching height when ordering

**Technical Data**

See the data sheets of the individual floats for information concerning the temperature and pressure ratings of the float and switching loads and functions of the switching elements.
